

My Possibilities

My Possibilities is a continuing education program for students that have special needs past high school. They provide education, pre-vocation, independent living skills, field trips, socialization, leisure time and extended care as well. There is such a shortage of programs and facilities to help adults with disabilities achieve their highest level of self sufficiency that My Possibilities was created. They work with donations and tuition fees. They also do fundraising and have some corporate sponsors to make sure all of the children get what they need to help them help themselves.

The young adults dropped by with crafts that they had made as gifts for our residents.

We are proud to say that My Possibilities and Cottonwood Estates are going to join together in a special Beanbag Baseball Team.

The students and residents truly enjoyed each other. The students were warm and kind and had a great time visiting. I have heard nothing but good things about the kids from our residents as well.

We would like to thank Reggie and Maureen for bringing their students to see us: Shara, Kyle, Richard, Gina, Terrell, Joseph Jordan, David, Patrick, Ryan and Jaime.

Can't wait to play baseball with these fine young adults.
