

Business Donations Through Services (2/20/09)

Many businesses in our Community want to help My Possibilities. The businesses listed here will donate a portion of their fees to this program, when you purchase their products and services, and mention My Possibilities. Adults with cognitive disabilities in North Texas need the help of our community. When you give these companies your business, you know they support the Mission of My Possibilities and want donate to this cause. By supporting these businesses, you support My Possibilities with the power of your dollars.

(If you'd like to add your business to this list please contact Robin LeoGrande at reogrande@yahoo.com)
